

### Adjustable Multi-Purpose Safers

The Sensormatic AM/RF EAS Adjustable Multi-Purpose Safers are the ideal solution for open merchandising high-theft products such as perfumes, cosmetics, iPods, MP3 players, razor blades and ink cartridges. The reusable safers protect products in secure housing, integrated with Sensormatic Non-Deactivatable EAS labels, providing the highest anti-theft protection. These transparent, height-adjustable locking devices keep high-value, high-theft items secure and accessible, letting retailers' open-merchandise products with confidence. The safers alarm the Sensormatic AM and RF pedestal systems if protected products pass through the detection zone.

### Retailer Values

- Promotes open merchandising for perfume, cosmetics, iPods, MP3 players, ink cartridges, razor blades and more for increased sales
- Provides superior protection and optimal merchandising, allowing shoppers to easily view and purchase items
- Easy application and removal helps improve store operations

**CE** This product is in conformity with RoHS Directive 2011/65/EU, 2015/863/EU and REACH regulation as defined in EC No 1907/2006 and subsequent amendments.

Designed to secure items that cannot be protected by alarming wraps or hard tags, the Sensormatic Flexible Safer is a reusable and transparent way to open-merchandise with confidence. Available in AM Ferrite or RF technology, the Flexible Safer will alarm EAS pedestal systems if protected products pass through the detection zone. Scientifically engineered to be clean and strong for all environments, this safer is an ideal solution for protecting high-theft products such as SD Cards, cosmetics, HD cables, razor blades, box apparel and ink cartridges. Its slim design also helps maximize selling space and allow shoppers to freely view and purchase items. Flexible Safers are available in three sizes and constructed from three clear, strong and lightweight plastics laminated together to form a strong, yet flexible, composite product. It is extremely easy to use and available in various magnetic strengths to work with the full line of Sensormatic magnetic detachers.

**Retailer Values**

- Constructed from PET, Polyethylene (PE) and nylon materials to form a strong, yet flexible, product
- Slim design helps maximize retail selling space for increased sales

- Easy application and removal helps improve store operations
- Available in 3 sizes and 2 technologies for an adaptable solution
- Reusable design helps maximize your Return on Investment (ROI)
